Last three questions:

21. InstructorComments Type: Short answer

Summary comments on instructor:

Number of users answered: 4

- Professor Brocker is awesome! He is knowledgeable about the course material, answered all questions clearly and provided examples and anecdotes that helped material to stick, and provided flexibility to the students. He is a pleasure to have as a professor.
- Professor Brocker is just great at explaining everything
- The instructor was amazing overall.
- The instructor presented the information clearly and informatively. The instructor encouraged opinions and thought-provoking discussions relevant to the lessons. One of the best teachers I've ever had.

22. LearningProcess Type: Short answer

Comments on the learning process:

Number of users answered: 4

- The learning process was somewhat well paced, but a little unpredictable. The syllabus did not reflect the last minute changes/snow days we had, and thus made the procession of material a little confusing. The assignments were a great way to break up the long paper due at the end and made it seem less daunting. Class time was a great mix of learning, and relating to the content.
- It was a great and seamless experience
- The professor's funny personality made the learning process easier.
- I enjoyed creating my own survey. Creativity was encouraged during the process. Each lecture was informative and helpful to the exams. The labs were fun and interesting.

23. Improvement Type: Short answer

Please make any suggestions about how this course could be improved.

Number of users answered: 3

- I think keeping the syllabus up to date is the number one suggestion I have, as well as making clear announcements as to when exams would be.
- I don't think there needs to be any improvements
