21. InstructorComments Type: Short answer

Summary comments on instructor:

Number of users answered: 4

- Professor Brocker is hands down the best professor I have ever had. He is very easy to talk to and is always available to help, even when he isn't he makes time to make sure no one is left behind. He is very approachable and ties in humor into lessons in a way that makes the material stick. He also is very open and knowledgeable about the processes of getting a job/getting into grad school, and his experience provides real life examples to the course.
- This instructor truly cares about their students. The material was presented in a way that was informative, interesting and entertaining.
- helped a great deal with questions i had
- One of the best professors I've ever had.

22. LearningProcess Type: Short answer

Comments on the learning process:

Number of users answered: 3

- Not much to formally learn in this class however it provides great insight into the motions post graduation. the lessons are practical and the course content is full of advice regarding the workplace, resumes and CVs, grad school applications, and anything regarding our future professional and academic lives. Both sections of this class have been very useful in life skills, and I am thankful that they were mandatory for this program.
- I learned a lot how to build a resume, how to seek the right career, create a development plan and improve my presentation skills. I was able to ask questions and discuss these important topics.
- great

23. Improvement Type: Short answer

Please make any suggestions about how this course could be improved.
